ALEXANDRIA'S STRATEGIC RESPONSE

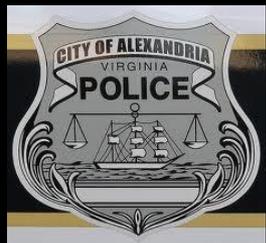

- **Create an up to date moped registration program for Officers to access on their mobile computers**
- **Research and distribute a proper locking device for moped owners**
- **Identify hot spots and increase patrol officer presence**

ALEXANDRIA'S STRATEGIC RESPONSE

- **Mopeds registered should be identified quickly as being registered through the Police Department. Making it an undesirable target for would-be criminals**
- **The police would partner with apartment management companies in the location that was hit hardest by thefts**
